PRODUCT BENEFITS AND ADVANTAGES

- Stops arguments about "The TV is too loud" "*But I can't hear what they're saying!*"
- Doesn't need any batteries, has no electronics to break down or make noise
- Can help users to better hear plays, sermons, lectures, live music performances
- Finally provides a *NATURAL* way to amplify *only* the sounds that users are facing
- The least expensive hearing booster available - less than \$4 per ear!
- Entirely made in the U.S.A., from recycled, recyclable materials
- So unique the product is protected by *TWO* U.S. utility patents
